

## Teejay Hidalgo

### Web Developer (7 years)

teejay.hidalgo@gmail.com | <https://teejayhidalgo.github.io>

## Profile and Objective

---

A professional back-end developer with 7-year full time experience as a back-end developer. Proficient knowledge of the back-end programming language/framework such as php, mysql, codeigniter. A good understanding of front-end web technologies likes HTML, CSS, and JavaScript. Works well with front-end developers. Able to manage a hosting environment, including database administration as well as scaling applications to handle load changes. With experience in version control, such as Git. Looking for opportunities where I can continue to grow and learn as a web developer.
